

Authorization to Proceed (ATP)

Danny White Abandoned Mine Land (AML) Reclamation Project
based on Categorical Exclusion (CX)
Letcher County, Kentucky

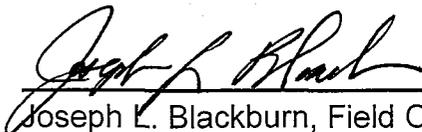

The Office of Surface Mining Reclamation and Enforcement (OSM) has completed a review of the October 17, 2011, request for ATP with construction activity on the Danny White AML Reclamation project, prepared by the Division of Abandoned Mine Lands (DAML) of the Kentucky Department for Natural Resources. OSM found that the appropriate request documents were submitted and appear to support the need for the proposed construction activity. OSM confirmed that the required information for this project has been included in the AML Inventory System for PA# KY-004169-SGA.

OSM reviewed the categorical exclusion (CX) certification prepared by DAML for this project. OSM determined that the construction activity requested under this project conforms to the exclusion criteria in 516 DM 2 and 13, does not involve any of the general exceptions in 516 DM 13.5(A)(33) or extraordinary circumstances listed in 516 DM 2, Appendix 2, and is excluded from further NEPA environmental review. As a result, I have signed the Categorical Exclusion Determination (CX) for this project.

Please ensure compliance with the following provisions in the ATP request documents noted here for emphasis or the authorization of this project is further conditioned as follows:

- The DAML project request notes that no tree removal is proposed/anticipated at this time outside the AML problem areas, but that if tree removal is needed in these areas a habitat assessment or a presence/absence survey will be required.
- No cave or cliffline disturbance or mine portal/shaft closures are proposed or authorized under this project;

Accordingly, pursuant to Section 5-11-20D.3 of the Federal Assistance Manual and my signature on this ATP notification document, DAML is authorized to proceed with construction activity for this project as described in the ATP request documents submitted by DAML for this project and further conditioned in this notification, and expend Federal funds in accordance with AML grant terms and conditions.
